Did your input into the impact assessment(s) and/or regulatory process improve the boards' assessment(s)?	Does the recipient believe their contribution to the impact assessment and/or regulatory process improved the board's evaluation?

Field	Definition
Please explain how your input improved, or did not improve, the board's assessment(s) and/or regulatory processes.	An explanation of how the recipient's contribution to the impact assessment and/or regulatory process improved the board's evaluation.
Did funding from the Northern Participant Funding Program help you participate meaningfully in the impact assessment(s) or build your capacity to participate in future impact assessments and/or regulatory processes?	Did funding from the Northern Participant Funding Program help you participate meaningfully in the impact assessment(s) or build your capacity to participate in future impact assessments and/or regulatory processes?
Please explain how funding from the program did or did not help you meaningfully participate in the impact assessment(s) or build your capacity to participate in future impact assessments and/or regulatory processes.	How did funding from the Northern Participant Funding Program help you participate meaningfully in the impact assessment(s) or build your capacity to participate in future impact assessments and/or regulatory processes?
Please describe how your participation in (the) impact assessment(s) and/or regulatory processes would have been affected or limited if you had not received funding under the Northern Participant Funding Program.	Please provide a "what if" description of how a lack of funding would have impacted the recipient.
Did you take steps to ensure the views of women, gender-diverse people, youth, elders, 2SLGBTQ+, people with disabilities, people of colour, or people affected by colonial institutions or intergenerational trauma, and the different effects the project might have on them, were included in your participation in the impact assessment(s) and/or regulatory processes?	Did the recipient conduct a gender-based plus analysis?
What steps did you take to ensure the views of women, gender-diverse people, youth, elders, 2SLGBTQ+, people with disabilities, people of colour, or people affected by colonial institutions or intergenerational trauma, and the different effects the project might have on them, were included in your participation in the impact assessment(s) and/or regulatory processes?	How did the recipient conduct and apply a gender-based plus analysis? Please note that while this question is optional, addressing it can support you in ensuring meaningful participation in the impact assessment and/or regulatory processes, and the answers you provide will contribute to improving the Northern Participant Funding Program.
Was your application for Northern Participant Funding processed in time to enable you to prepare effectively to participate meaningfully in the impact assessment(s) and/or regulatory processes? If no, please explain how any delays affected you and what you would consider	Departmental service feedback requested.
