Please provide a response to the question below. Feel free to provide as little or as much feedback as you would like.

Please describe your experience with the process to create distinctions-based Indigenous health legislation. This could include your experiences (of satisfaction or dissatisfaction) with the engagement process, the development of the policy options, and/or the final health-legislation bill.

Please provide feedback using whichever approach suits you. This may include written content, videos, drawings, pictures, publications, and/or other types of media. There is no formal template to submit feedback. For more information, please contact your First Nations and Inuit Health Branch representative (national or regional office).
