

**ACTION PLAN IMPLEMENTATION STATUS UPDATE
REPORT TO THE EVALUATION, PERFORMANCE MEASUREMENT AND REVIEW COMMITTEE
AS OF JUNE 30, 2014**

Regional Operations			
<i>Evaluation of the First Nations Infrastructure Fund</i>			
APPROVAL DATE: 02-06-2014			
PROJECT RECOMMENDATIONS	ACTION PLAN	EXPECTED COMPLETION DATE	PROGRAM RESPONSE
<p>1. It is recommended that the Community Infrastructure Branch examine the feasibility of integrating the call for FNIF project proposals into the Department's Annual Capital Planning process.</p>	<p>The Community Infrastructure Branch is integrating the call for FNIF project proposals into the Capital Facilities and Maintenance Program Annual Capital Planning Process.</p>	<p>April 2014</p>	<p>Status: Completed – Closed</p> <p>Update/Rationale: As of 30/06/2014:</p> <p>There is no longer a "call for FNIF proposals", as the FNIF is fully integrated into the First Nation Infrastructure Investment Plan (FNIIP) process. First Nations worked with their Regional Offices to place FNIF eligible projects on their 2014-2015 FNIIPs for consideration.</p> <p>First Nations seeking FNIF funding for large-scope, multi-stakeholder projects that do not fit within the community FNIIP process may apply directly to Headquarters for funding. Additionally, Regional Offices may forward such projects to Headquarters for consideration. As a transitory measure, the Innovation and Major Policy Transformation Directorate has worked with Regional Offices to identify projects for funding in 2014-2015.</p> <p>In 2015-2016, a FNIF Committee at Headquarters will review and select</p>

			<p>projects for funding in coordination with the timelines established in the FNIIP.</p> <p>Amendments have been made to the Integrated Capital Management System that better allow us to track FNIF eligible projects, both funded and unfunded. This allows the program to create a repository of projects, and to link projects to the strategic outcomes of the FNIF for reporting purposes.</p> <p>AES: Recommend to close. Closed.</p>
<p>2. It is recommended that the Community Infrastructure Branch expand existing management and oversight documents to ensure funded projects include: (a) identification of O&M funding sources that adequately meet the life-cycle cost of the asset, (b) identification of necessary training requirements, (c) disaster mitigation infrastructure design elements, and (d) an expanded eligible recipients list</p>	<p>The Community Infrastructure Branch is expanding program oversight to ensure that funded projects include:</p> <p>(a) Identification of O&M funding sources is included in the project proposal. CIB will develop guidance for Regional Offices to work with First Nations to ensure that identified sources adequately meet the life-cycle cost of the asset before funding is approved;</p> <p>(b) Identification of necessary</p>	<p>Fall 2014-Winter 2015</p>

<p>to allow for more flexible partnerships with the private sector, academia and Aboriginal organizations.</p>	<p>training related to the asset is included in the project proposal. CIB will develop guidance to support Regional Offices to work with First Nations to identify required training;</p> <p>(c) Program management documents will require that FNIF project designs include a requirement to take disaster mitigation measures into account. CIB is currently updating the Management Control Framework for the Capital and Facilities Maintenance Program with program and project level guidance regarding disaster mitigation;</p> <p>(d) Community Infrastructure Branch is expanding the categories of eligible recipients to reflect that of the Capital and Facilities Maintenance Program. The terms and conditions of the Capital and Facilities Maintenance Program and the First Nation Infrastructure Fund have also been consolidated.</p>

PROJECT RECOMMENDATIONS	ACTION PLAN	EXPECTED COMPLETION DATE	PROGRAM RESPONSE
3. It is recommended that the Community Infrastructure Branch engage the Professional and Institutional Development Directorate to (a) identify practical ways for PID to support community planning projects funded under the Planning and Skills Development category, and (b) to develop a strategy to align the Department's community planning and support activities.	The Community Infrastructure Branch is working with PID to develop a strategy to align the Department's community planning and support activities.	Fall 2014	
4. It is recommended that the Community Infrastructure Branch review the program's tendering policy and regional best practices to ensure an effective and consistent national approach.	The Community Infrastructure Branch is reviewing the program's tendering policy and regional best practices to ensure a consistent national approach and comparability to practices off-reserve.	Fall 2014	
5. It is recommended that the Community Infrastructure Branch engage ecoENERGY in order to identify a strategy for sharing completed feasibility studies to support potential FNIF-funded energy projects and ensure information is accessible to regional front-line officers.	The Community Infrastructure Branch will engage with the Climate Change Division's ecoENERGY in order to identify how best to use the information received from the technical and strategic advisory services they contracted and access and/or share feasibility studies to support potential FNIF-funded energy projects and ensure information is shared to regional front-line officers.	Fall 2014
